

Title V EAW

Presentation to CAC

June, 2000

Title V EAW

What is it?

- EAW = Environmental Assessment Worksheet
- Required prior to MPCA consideration of Title V Permit
- Assesses impacts from PAL permit
- MPCA Board consideration at June Board meeting

Title V EAW History

- Application submitted - November, 1995
- First public notice and comment period - July, 1996
- Second public notice and comment period - April, 1997
- Third public notice and comment period - November, 1997
- MPCA reconsideration of health risk assessment - May, 1998
- MPCA approval of health risk assessment - May, 1999

Title V EAW - Issues

- Koch's management of petroleum products (tanks, underground piping, Spring Lake release)
- Koch's wastewater treatment capability (sewers and WWTP)
- Ambient air monitoring
- Other issues

Title V EAW - Current Status

- All issues addressed by MPCA staff
 - Health Risk Assessment
 - Petroleum product management
 - WWTP capability
 - Others
- MPCA staff recommends that EAW is adequate (no need for EIS or further environmental review)

Title V EAW - CAC's role

- Review MPCA Board Item (including history and responses to comments)
- Ask questions - of Koch and/or MPCA
- Comment at MPCA Board meetings
June 26 & 27, 2000
